Filtro olio cambio automatico

I cambi automatici di ultima generazione hanno bisogno di una perfetta lubrificazione e quindi richiedono filtri specifici che impiegano media filtranti capaci di garantire una totale pulizia dell'olio, da qualsiasi particella inquinante, per lunghi periodi di utilizzo. I filtri olio per cambi automatici **TECNECO** garantiscono pulizia e fluidità dell'olio, migliorano le performance, sono di qualità originale nel rispetto degli standard richiesti dalle case automobilistiche ed in conformità con la norma CE 461/2010.

Automatic Transmission Oil Filter

Modern automatic transmissions are dependent on perfect lubrication and therefore require filter media that reliably free the transmission oil of undesirable particles over long periods. **TECNECO** automatic transmission oil filters ensure cleanliness and fluidity of the oil, improve performance and are of original quality in compliance with the standards required by vehicle manufacturers and in accordance with the standard EC 461/2010.

Filtration Media

Media filtrante ad alte prestazioni
Alta efficienza di filtrazione garantita da media filtranti in cellulosa naturale, tessuto non tessuto sintetico e fibre di vetro, per garantire sempre un elevato livello di purezza dell'olio in circolo.

High performance filter media
High efficiency filter media, made from natural paper, nonwoven material and glass fibres, to ensure always an high level of oil purity.

 Qualità certificata secondo norma ISO 9001:2015
Quality system according to ISO 9001:2015

AUTOMATIC TRANSMISSION OIL FILTER PROGRAM

PROGRAMMA FILTRI OLIO CAMBIO AUTOMATICO

I cambi automatici di ultima generazione hanno bisogno di una perfetta lubrificazione e quindi richiedono filtri specifici che impiegano media filtranti capaci di garantire una totale pulizia dell'olio, da qualsiasi particella inquinante, per lunghi periodi di utilizzo.

I filtri olio per cambi automatici **TECNECO** garantiscono pulizia e fluidità dell'olio, migliorano le performance, sono di qualità originale nel rispetto degli standard richiesti dalle case automobilistiche ed in conformità con la norma CE 461/2010.
